一、科研实验

1. 实验主题； experiment, project, program, vote, survey, study, poll
2. 实验目的： aim, goal, objective, purpose, intention, to do, target
3. 实验手段： practice - means - initiative - method - way
4. 实验结果： find(found) - suggest - indicate - demonstrate - illustrate - reveal - display - show - turn out
5. 参与者： respondent, participant
6. 做实验的人： 人名, colleague, team

二、科研

1. Artificial intelligence ： AI
2. 无人驾驶， driverless car- autonomous car-selfdriving car、vehicle
3. Intelligence - intelligent- smart
4. Intelligence ： 情报

三、校园话题

1. 老师：teacher， tutor ， lecturer， professor
2. Faculty, -facility 设施
3. Curriculum 课程大纲
4. Extracurricular
5. 学生：freshman- sophomore-senior -bachelor Master Phd, doctorate undergraduate，postgraduate
6. 作业：homework- assignment-fieldwork
7. 校园： campus，

四、健康医疗

1. Virus- bacteria
2. Vaccine- vaccinate
3. Quarantine - covid 19- pandemic- epidemic
4. Plague -瘟疫
5. Disease，sickness--- stroke，heart attack，
6. High blood pressure, --hypertension.
7. Diabetes
8. Immune system Immune 免疫

五、歧视

1. discrimination
2. racial
3. gender discrimination
4. racist-racism
5. discriminate
6. bias- prejudice stereotype
7. workforce-labour force--workplace- career
8. Equality equal fair fairness

六、全球变暖

1. global warming- greenhouse emission
2. emit -gas
3. conservation -protection
4. ecology eco
5. environmentally friendly
6. New energy, nuclear energy, wind energy, Solar power, Climate change, carbon, low carbon economy, clear and renewable energy
